

2027 Sponsorship Opportunities

Industry Sponsors

**"OCWiC
changed my life!"**

I applied to Sherwin last
OCWiC, and this year, I came
back as a Sherwin representative! I
absolutely love being in this community!
Thank you for all your hard work!"

—Sophia Matar, OCWiC
'23 and '25 attendee

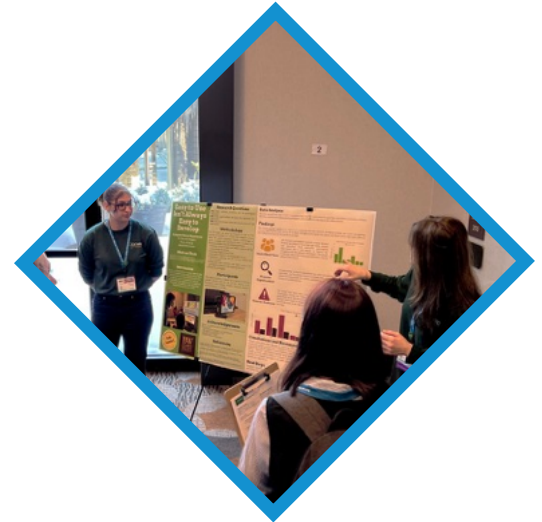

Since 2005...

OCWiC has brought together students, faculty, and technology professionals from across Ohio to build community, share knowledge, and create pathways to success in computing.

Over the past 20 years, **more than 1,200 attendees** have participated in professional development, networking, research presentations, and career exploration opportunities that prepare students to become the next generation of computing leaders.

Thanks to the support of our sponsors, all students who applied for scholarships received support covering registration, lodging, and meals.

We invite you to join us as an OCWiC 2027 Industry Sponsor!

The dates of OCWiC 2027 will be **February 26–27, 2027**. The location returns to Sawmill Creek Resort on the shores of Lake Erie in Huron, OH, just an hour west of Cleveland. The Association for Computing Machinery's OCWiC ACM-W Professional Chapter organizes the event. More information about the ACM-W Chapter and previous celebrations can be found at ocwic.org.

Please review the Industry Sponsor Benefits Table on the following pages. Let me know if you will be an OCWiC 2027 sponsor and at what level. I will invoice you with payment instructions. We need sponsorship payments by **November 1, 2026** to plan for the conference effectively.

Don't hesitate to contact me if you have any questions. I look forward to your participation.

Rachelle Kristof Hippler
OCWiC Sponsorship Chair

As an OCWiC Industry Sponsor, you can:

- Demonstrate leadership in Ohio's technology community.
- Increase visibility for your company and career opportunities.
- Promote internship, apprenticeship, co-op, and early-career programs.
- Showcase innovative technologies and technical expertise.
- Build relationships with students, faculty, and academic institutions.
- Engage employees as mentors and role models for future professionals.

At OCWiC's 2025 Conference...

We welcomed over **250 attendees** to Sawmill Creek Resort in Huron, Ohio.

43 student leaders from **22 colleges and universities** participated in the invite-only OCWiC Leadership Summit.

Our **20 sponsors** provided scholarships for **165 students**, covering registration, lodging, and meals.

Some Student Opportunities Included...

Keynote Speakers

Carol Smith, Senior Research Scientist at **Carnegie Mellon University**, inspired us to become advocates for ethical decision-making throughout the software development life cycle during her talk on "Implementing Ethics in Emerging Technologies." And, **Rumy Sen**, Entrepreneur and Strategic Advisor to CxOs at **Deloitte**, challenged us to think deeply about "Disruption, Diversity and Ethics: The Trifecta in Technology that Shapes Us".

Poster Sessions & Student Short-Talks

The Poster Session provided students with an opportunity to **share their research and receive feedback** on poster content and delivery of presentations. The Student Short-Talks allowed students to practice **sharing details about their research** projects. In 2025, projects ranged from K-6 technology outreach program to leveraging gamification to learn sign language.

Resume Review & Career Fair

The Resume Review session and Career Fair allowed students the opportunity to receive **one-on-one feedback on their resume** structure and content from individuals in computing fields. Students left the session with an eagerness to apply the feedback to their resumes, which they would then **present to companies at the career fair** the following day.

Panels & Presentations

Panels and other presentations from representatives in the computing profession, ranging from **tech talks** touching on **IoT, use of AI**, and many other topics to preparing for the workplace through understanding **Agile development** practices and making **self-centered career moves**.

Industry Sponsors Levels with Benefits
